## OPERATIONAL CONCEPTS

Stakeholder	Roles and Responsibilities
Hawaii Department of Transportation - Highways Division	Provide traffic information to travelers via HDOT DMS equipment and GoAkamai.

*The Hawaiian language uses two diacritical markings. The 'okina is a glottal stop; and the kahako is a macron. The State of Hawaii strongly encourages the use of Hawaiian diacritical markings. The National ITS Architecture tool, Turbo Architecture, does not allow for the Hawaiian diacritical markings to be input and as such, customized service package diagrams, operational concepts and other outputs from Turbo are unable to reflect the diacritical markings. To ensure consistency in this ITS Architecture website, no Hawaiian diacritical markings will be used.*
